

# compare SF6 <-> LC7

| description                | SF6                                                                               | LC7                                        |
|----------------------------|-----------------------------------------------------------------------------------|--------------------------------------------|
| evaluation of combinations | <a href="#">different interpretation possible</a>                                 | <a href="#">clear evaluation</a>           |
| grouping lenses            | use productgroups, but not recommended, because of combination issues to options. | lensgroups with different names available. |
